We know you're out there. We are playing Country Covers, all are seasoned Players and a couple of unseasoned ayers doing well playin' Country. Easygoing, it's going very well. We rehearse in a comfortable studio Downtown once a week. We just try to play it well, and now we're starting to really sound good. Call me, I'll give you the details. This is a low pressure thing and the Violin / fiddle parts are short and sweet. Singers always a plus but we have enough. Meet us. We have very nice Venues coming. Eight oh eight Tew ate five Eight o four-foor.
