Hello,

I booked a last minute wedding for Sunday, May 24th and am looking for a 2nd shooter. We would be covering from about 10am-10pm. I primarily do narrative shorts mixed with corporate videos, but wedding videos are something I like to do to add to my repertoire. The couple is very nice and understanding - they know we will be doing them a favor on such short notice. The event will start in Saint Paul then to Apple Valley, then back to Saint Paul for the reception.

I'm looking for someone who has a great creative eye and a steady hand. It would be ideal if you had your own DSLR or equivalent, but not necessary.

Please reply with your day rate (this is just for shooting), what experience you have, and what equipment you have. It would be nice if you had a demo reel, but that's not necessary - just tell me a little about yourself and we'll go from there.

The wedding is very organized, so the shoot, while maybe long, should flow nicely.

Thank you for your.
