Hi, my name is Alexander. I'm the SR Casting/Talent Manager for Palace Films. Due to a large number of roles with currently no talent to fill them, we've decided to take a more social approach to finding new talent. We're hoping that we can find a wider range of talent.

So how does my job work? Right now I have a pile of scripts in front of me, with budgets ranging from \$10,000 - \$75,000. The lowest rate we will negotiate for models we refer is \$1,000/per shoot day. The average falls between \$3,000 - \$3,500/per shoot day. My job is to find the type of models the director, producers or writers are looking for. They then audition (we pay models for ALL auditions) and we send a cut of the scene to the studio, kind of like a dress rehearsal. The studio then chooses an actor or actress based on this.

Auditions are like any other job interview or modeling gig.

Currently we are looking for the following casting types, if you think you could play any of the characters described below, please contact me with your head shots/photos and I will get in touch with you to schedule an audition time and location. Generally this is anywhere or time you're comfortable with. We operate 9 am - 5 pm but I can be flexible if needed.

Please note that due to non-disclosure agreements I cannot divulge more than a general idea of the story and plot during auditions. I can ensure that there's enough information to make an informed decision.
