

Looking for a Border Collie (Richmond)

Location **Washington**
<https://www.genclassifieds.com/x-447325-z>

If you are considering a border collie for your next family companion, consider adopting from the Atlantic Region Central Border Collie Rescue. We are a volunteer non-profit organization that rescues and rehomes border collies and border collie crosses. Most of our dogs come from high kill shelters in Virginia, W. Virginia and North Carolina. They are placed in foster homes - most in and around Richmond, VA where they await their new families. All dogs are spayed or neutered, UTD on vaccinations, and on heartworm and flea/tick medication. We have dogs of every energy level and will help match you with a dog the fits your situation. There is an adoption donation of \$225. Please take a look at our list of adoptable dogs at arcbrc.org. If one of our adoptable dogs peaks your interest please complete and submit an on-line application. The adoption process includes reference checks and an approved home visit prior to placement. Thanks for considering a rescue!
