Shelly's Pet Sitting

I am a very caring & trusting pet sitter. 5 Star Rated on Angie's List & Facebook! I will care for your pets like they are my own!

Pets are creatures of habit and maintaining their regular routine, in their own familiar surroundings, is the best possible way to avoid stress during your vacation. I will come to your home and take care of them. I'm a pet lover, I have my own pets and I am an animal rescue volunteer.

I will feed your pets while you're away, walk your dog, or let your dog out to potty while you're gone. I can do multiple visits during the day and evening, or stay overnight if that's what you need! Whatever they need, they will get! Feed your fish, ferrets, birds, any pets!

A \$10 consultation fee is charged, payable at the consultation. If you hire me, this fee is taken off your total charge.

I will administer any medications your pets may need, (pills or shots). I also offer to keep a daily log of your pets activities. How much they eat, if they are voiding as they should be, if they are acting sad or scared, anything you would want to know while you are away. I can provide daily emails or texts and pictures of my visits also.
