General/Construction Foreman

For immediate consideration please apply using the link below:
http://stratasolar.applicantstack.com/x/apply/a2aqzygaqnd2

Strata Solar LLC is currently seeking experienced Construction Foremen from all backgrounds to oversee solar construction projects within the state of North Carolina. We will train, no solar experiance required!

About Us:
Strata Solar ranks among the top solar providers in America. Our end to end approach makes us highly efficient allowing us to be the most competitive solar provider in the industry. We strive to align company goals with employee goals. We're constantly innovating to make a difference for our customers, our employees and our planet. We hope you'll join us.

Position Summary:

The Construction Foreman will be responsible for leading a three-twelve person team, and providing oversight during project installation of solar PV systems. The Construction foreman is responsible for a safe, high quality installation that meets the design specifications.

Essential Duties and Responsibilities:
Ã¢â‚¬Â¢ Apply the highest level of workmanship to all elements of the job: instructing crew members of the job requirements and insuring a quality installation.
Ã¢â‚¬Â¢ Adhere and enforce all company policies and procedures.
Ã¢â‚¬Â¢ Adhere to the site job schedule.
Ã¢â‚¬Â¢ Ensure that power tools and equipment are used properly with care.
Ã¢â‚¬Â¢ Maintain inventory of pertinent tools, equipment, system components, and hardware.
Ã¢â‚¬Â¢ Keep work areas, company vehicles, and warehouse space clean and organized.

Supervisory Responsibilities: Provides guidance and technical support to Strata personnel, temporary labor, and subcontractors on issues concerning construction components/applications and crew member reviews.

Education and/or Work Experience Requirements:
Ã¢â‚¬Â¢ Must have a valid driver's license with clean driving record.
Ã¢â‚¬Â¢ Minimum Associate's degree or 5 years of commercial construction experience.
Ã¢â‚¬Â¢ Solar installation experience preferred.
Ã¢â‚¬Â¢ Experience in one or more trades (e.g., carpentry, roofing, plumbing, electrical, or general commercial construction methods).
Ã¢â‚¬Â¢ Must be able to read construction drawings
Ã¢â‚¬Â¢ Must be able to lead, and instruct crew members in a clear and concise way.

Physical Requirements/Work Environment:
A majority of the work is performed in the field and requires extended overnight stays. Foremen will be required to perform physical labor; at times, carry up to 50 lbs. and assist others in carrying objects greater than 50 lbs.

For immediate consideration please apply using the link below or respond with a copy of your resume.
