

Looking To Partner With Credit Repair Contractors (Nationwide)

Location **Illinois**
<https://www.genclassifieds.com/x-447688-z>

We offer a number of funding programs (personal and corporate) and receive inquiries on a daily basis from potential clients that need to have negative items removed from their credit profiles and/or to have trade lines added in order to qualify for our programs.

Not surprisingly, the number one obstacle to moving forward is the lack of funds to have the necessary work completed.

We would like to partner with a credit repair contractor that is willing to enter into an arrangement where they will perform the required work and then allow us to take the clients in for funding. All services will be paid for out of proceeds from funding. You will be compensated for your services as well as share in the fees for the funding.

This can be a very lucrative program for all parties involved.

Please email us today with your contact info and let's have an open conversation about how best to move forward.

We are looking to enter into a long-term professional relationship.

Thank you for your time and.
