

Reclaimed Wood Rolling Garment Rack (400 USD)

Location **Maryland**
<https://www.genclassifieds.com/x-447708-z>

We designed and built this rolling garment rack for an upcoming HBO show. The wood was reclaimed from an 1897 Baltimore row home. The steel was welded locally. Reproduction vintage casters were used to finish the look. Below are a list of the most common sizes we make.

3' rack - \$400
 4' rack - \$500
 5' rack - \$600
 6' rack - \$700

Kurtz + Atkins Design specializes in reclaimed and live edge wood furniture. We also offer a range of other handcrafted home goods. All of our products are created in our Montgomery County, Maryland workshop. We pride ourselves on using only locally-sourced and sustainable wood, and all our materials are hand-selected for each individual piece.
