

Wheel Horse D series plow snow blade 56or 60 (1, USD)

Location **Maryland**
<https://www.genclassifieds.com/x-447710-z>

I am looking for a decent and straight 56" or 60" snow plow / dozer blade for a Wheel Horse D series tractor. The one I am looking for has 4 springs on it instead of just the usual 2. Only really need the front blade but will consider the blade and mount/frame depending on price. The attached photo is the style I am searching for. Please contact me at: 410-8one2.
