

social organization needs event coordinator (St louis)

Location

Missouri

<https://www.genclassifieds.com/x-447744-z>

We are the commonwealth. We are a national charity and networking organization and we would love to share exactly what we do, but we need someone who can coordinate and plan fundraising charity events. our next one is in October at the Four Seasons downtown, to raise money for the Susan G Komen foundation. we need someone who can secure permits, entertainment, sponsors, and bring in awesome ideas. great opportunity for a college student to build withes a career, or experience. cannot pay immediately but will be able to for the right person. email me for more information on what we do!

The Commonwealth is a national networking and Charity organization, and we are looking for someone to help us plan, secure sponsors, and execute our charity events. We will be hosting 5 of these a year at minimum, and after our first event in October, this will become a paid position, but at the time, we would prefer a driven college student with a knack for sales and a very personable attitude that can secure locations, permits, vendors, and sponsors for our events. Some information about who we are and what we do is available to those interested, and please don't hesitate to reach out to us if you are interested in helping. I may be able to work out a pay schedule, but at this point, we just aren't there yet. But, with the interest we have had, it won't be long. If you have looked for a place where you can spread your wings and really be a part of something great and have an AMAZING time doing it, this is your opportunity!!

The Commonwealth is the Premiere luxury lifestyle and networking charity company. Members only.
