I am looking for referrals for a business that I have. I broker essential services that everybody uses and I can save your friends and acquaintances money on these services. I broker Dish TV, Direct TV, Verizon and Sprint Cell phone service, landline phones, in Illinois and 17 other states I offer electricity. People in Illinois can lock in their electric rate before Ameren switches to summer rates the end of May.

Depending on the service, I will pay from \$25 to \$50 cash for each service I get as a result of your referral.

Give me a call or better yet text. Switch one of your own services to see how it all works and get paid on that TOO!!

I look forward to meeting and talking to
