Thanks for reading my post. I am an honest, professional man living and working in NH. I offer bodywork/massages for men, and am available to work many days, evenings, and weekends, with men exclusively, in my private home studio in Bedford. I was fully trained and have been practicing for over 25 years. I've been working for most of these years on a part time basis, and am proud to say that I've developed a very loyal following.

I am a 51 year old GWM, average body/build, strong, with a good sense of humor. Complete info available on request. All men welcome regardless of age, race, or orientation. I look forward to hearing from you, and meeting you soon.

Thanks for your!
