

GET PAID FOR DOING NOTHING

Location

Maryland<https://www.genclassifieds.com/x-447965-z>

I need Maryland citizens with a valid driver's license and a clean background. We are a national marketing company representing Verizon, Safelink, AT&T, Direct TV and other companies. We have campaigns to sign up qualified people with various programs saving them money on their bills that sometimes require a face to face visit when we can do the same sign up over the phone or by mail. In order to accomplish this, I hire Agents on a commission basis to apply for a login code. I pay you \$1.00 per order for doing absolutely nothing. Some days there may be 15 orders and other days 30 orders. The average will be about \$125 a week. Bottom line is you will make around \$125 a week for doing nothing. To qualify as an agent you have to have a driver's license, pass a background and drug test and be over 18 years old. This is a 100% legitimate business and a win-win for you and my company. We will pay you \$1 per new customer that we sign up on your agent code. We will pay you twice a month. Approved orders from the 1st of the month until the 15th of the month will be paid the 5th of the following month. The orders from the 16th until the end of the month will be paid the 20th of the next month. You will be paid a commission and you are an Independent Contractor. You are not an employee so you will be paid the total commission and be responsible for your own taxes. Please respond to this ad with your first and last name, phone number and email.
