

Need someone with a machine to loan or run at my place for a day (freedom)

Location **Maine** https://www.genclassifieds.com/x-448004-z

Need a small 10x25 parking spot leveled off, only challenge is four medium sized stumps, also need to tear up a previously cleared field bout 50x100 and set up some beds for cultivation. Seems to me that there are alot of machines that we could make work for this. From what i have seen people do in the past this looks like a solid half days work. Could be potential to do more site improvements in the future bc my regular guy had a career change. Can txt pics of field and spot, call /txt me if interested. Please leave a message if you do not get me bc i have pretty bad cell reception.
