Hello, my name is Johnny Nair and I own MLN OVERHEAD GARAGE DOOR Company. I've been in the garage door industry now for 15 years. This past November I took a big step and decided to quit working for a company and start up my own garage door business. I repair all makes and models of garage doors and operators. I give free estimates on all repairs and replacements. My service call is normally \$55.00, but if you mention that you got my name and number on craigslist you will receive an instant \$20.00 savings. Although it is scary to begin my own business, I am highly motivated and look forward to working with I am working towards my family's future and the safety of yours. My number is References available. Thank
