I'm seeking a black woman for a mutually beneficial agreement. I'm a young busy black businessman who travels frequently. I'm in Brooklyn few days week and would like the company of a beautiful black woman. I need someone to cook meals and help out with things based on need. I would like to find someone who gives back massages also. I'm in need of normalcy because I am so busy.

We can range from cooking together, and watching movies. I'm seeking someone 420 friendly , a free-spirit, educated, and well-read. I'm down to earth and hard working, I really need some help around the house. To get a response - send a bit about yourself, recent pictures Pay is to be negotiable or live in situation.
