Meet Mr. Wally. He is a GREAT dog. He is very handsome and he has such loving eyes. He will be a very loyal companion who was found as an unclaimed stray. He is a yellow lab mix, with what we aren't really sure.

Wally is a fun, energetic boy who would make a great exercise or hiking partner but also loves to hang out and he's the perfect medium size. He likes dogs and doesn't mind sharing his food or toys and would love a home with another dog but of course, is not require. He will make a great addition to most any family as he enjoys kids and listens well.
