An incredibly beautiful point of land jutting into the bay across from Acadia National Park and Bar Harbor. From the 3 bedroom home you see the entire bay with many points of land and islands highlighted by the entire Mount Desert Island mountain range on the horizon.
1200 feet of deepwater frontage/ ledge points; gravel beach and rocky outcrops
4+ acres of partially cleared land/ a granite bluff protects the site from the public road
A floating dock....a wide concrete boat ramp
deepwater mooring in front of dock.
3 bedroom ranch with 2 car garage
Views in most directions. MDI to the south/ Sorrento to the east/ Hancock Point to the west/ Schoodic Mountain towers to the north
You walk across the front yard and see a truly panoramic view of the best the Maine coast has to offer.
A short drive to Ellsworth. About 40 minutes from Bar Harbor and Acadia Park.
