New ministry in the Bridgewater NJ Area is looking for a drummer to play in Living Stones Band, our contemporary church band at LifeSong Cafe Worship. We are a Christ-Centered church, striving to establish "Real" relationships with our Lord and with each other -- a church that makes sense. Practice is at 9:00 am Sunday mornings before worship and we end our service around noon. Some of the bands that we cover are Casting Crowns, Chris Tomlin, The Digital Age, Ghostship, Plumb, Rend Collective Experiment, Newsboys, Chris August, Matt Maher, Hillsong United, and Building 429. Our band has been together for over 8 years, when we started at a former church. Then we began this cafe church ministry 3 years ago and recently moved to Bound Brook, so we are still in the early stages of development. Right now we are a cozy group of Christians, who are enthusiastic about living for Christ and are anticipating the excitement of seeing many people joining us in the future. If you love music and love the Lord, we look forward to hearing from you about this volunteer position! PS: we are currently using electric drums, because we are in a small.
