*****FREE TRAINING IS PROVIDED*****

We are looking for volunteers to spend time with patients talking to them, reading to them, and just to be there for the patients.

Trained patient volunteers can provide many services:

- Emotional support listening to the patient and their family and being there when they need to talk.
- Sitting with the patient so they can run errands or provide companionship to the family if needed.

We are also looking for people who have a special skill like a Beautician, massage therapist, Barber, hair stylist, having a special background and much more. Volunteers should be with us doing these activities, assisting with recreational activities, and just being there providing companionship.
