Location **New Jersey**

We're a Holmdel based band looking for a guitarist and singer.

Guitarist should have the ability to solo and have a knowledge of different types of chords.

Singer should have the ability to sing in tenor range.

We're not looking for anything too serious but we'd like to play gigs over the summer. We'd prefer to have people aged 17-22. Male or female doesn't matter If you're interested, please contact us via email or text. Thanks
