

Loving, fun, and responsible nanny available

Location **Missouri**
<https://www.genclassifieds.com/x-448285-z>

Hi there! My name is Taylor and I believe I am just what you are looking for! I am highly experienced with 7+ years of experience and 20+ families. I have a gold certificate in early childhood education from Lewis and Clark Career Center; through the program I was trained and educated in the proper care and education of children of all ages, became CPR certified, and worked in four preschool classrooms. I am also highly experienced with children with special needs. I have volunteered through Therapeutic Horsemanship of Wentzville and St. Louis Challengers Baseball Team, worked in the Special Education classroom in my school, and cared for children with autism, epilepsy, severe allergies, etc. Throughout my experience I have handled emergency situations and am prepared to safely and calmly handle more if anything happens. I enjoy playing outdoors with the children, doing crafts, read, going to the zoo, pool, park, etc. I also have no problem keeping up with some chores while I am in your home. I love working with children, and will begin college for Occupational Therapy for children in the fall. If you would like to know anymore about me, feel free to ask, I would be glad to answer. I look forward to hearing from you and setting up an interview! Thank you for your!
