

# CREATE AN ADUIO VERSION OF YOUR BOOK (JERSEY CITY)

Location **New York**  
<https://www.genclassifieds.com/x-448486-z>

Have you thought about creating an audio version of your book?

These days many people prefer listening to books rather than reading them.

You could be missing out on additional profits from your book by not offering an audio version.

Not to Worry... YOU'RE IN THE RIGHT PLACE !

I have a nice studio with a comfortable recording booth where we can turn your written magic into audio magic.

As an experienced audio engineer I can:

- Edit your chapters in the desired format
- Add sound effects, background music, etc if needed (for no extra charge)
- Facilitate a voice-over artist to perform the recording if you prefer not to do it yourself

\$25 PER HOUR (special discounted rate)
