Hello.

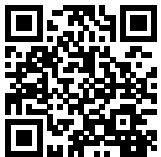

My name is Fred and I live in Denver, Colorado. I am looking to buy Damsel in Distress videos. These can be done at your location and then sent to me. I usually pay through paypal. We never need meet. I would like to start with you tied with rope across railroad tracks with your legs showing because I am a leg man, or you can start with buzzsaw peril by being tied to a board of some kind and being threatened with the buzzsaw coming towards your head or up your legs, the choice is yours and you tell me they pay the same. Then maybe pendulums etc. I would like the videos to be around ten minute's long and I will provide a script of what I would like to hear. I would never want a model in any real danger. If you are interested let me know what you would charge me. Also please feel free to ask me any questions that you might have. Before I agree to anything I would need to see pics of the model. I am also collecting Damsel in distress audio perils and these are done at your location as well and emailed to me and these are just audio and I would provide a script for each audio peril and then do not need to be perfect and no experience is necessary. . Please ask about one or the other or both.

Thanks.
