Hello,

I am a disabled man, living on disability income, who is unable to do lawn work anymore. I am looking for a mature, dependable, high-school or college student to do lawn work. I pay \$10.00/hr., and I have all the equipment at my house. The work is mowing, cutting down small trees and bushes into pieces that can be taken to the curb, hedge trimming, blowing the debris off the hard surfaces, trimming, etc ...

If you are interested, and are dependable, please contact me.

Thank!
