

Disabled man looking for creative work (Chapel Hill)

Location **North Carolina**
<https://www.genclassifieds.com/x-448596-z>

I am a disabled man, living on social security disability, but who was previously a graphic artist and professional video/photography editor. I also did several Wordpress websites. I have 5+ years of experience, and do great work. I can offer a portfolio, resume', references, etc

Though I have to work from home, I can communicate easily via phone/email/Skype or other whiteboard system. I do not charge much, in fact, much less than able-bodied working people, and just looking for a chance to work, and help give you inexpensive reliable services.

Please contact me and we can talk further.

Thank!!!
