I am a single professional male who starts work in Cleveland Heights on June 1st. I currently live in Akron so I am as of yet unfamiliar with that area and where I want to permanently move to. With that in mind I am looking for someone who wants a temporary roommate for maybe 2-3 months.....a nice area close to the Cleveland Clinic. Extra income for you and it gives me a chance to look around for where I want to be. I am very drama free, respectful of others property, pay my bills on time and a non-smoker. A guest room with house access works fine with me. Please contact me for more information about myself and include a description about what you have.
