

We are wizards with electronics, with over 15 years of technology experience and know how. We have been building, fixing, installing, and setting up computers and related gadgets for a long time. There isn't a fancy store or lots of overhead expenses because we work out of our home offices, so we don't charge the normal \$75-\$100 an hour or more like the other guys or have their hidden fees and service charges.

Our rate is \$40 per hour, flat rate, no hidden charges or fees. We only bill after services are completed and you are happy, and we ALWAYS back up our work with a guarantee. Also included is a FREE consultation with new customers, and if you give us a referral you and your referral both get a \$25 credit on your next bill!

- Computer repair (Laptops, Tablets, Desktops, PC, Mac, anything) from the simple to very complex
- Computer hardware or software repair (new programs, repairs or new parts, installation, etc.)
- Custom computer builds (We build desktops, laptops, servers, gaming and network PC's, pretty much anything)
- Computer and Software training courses and lessons (any subject or topic you need help with; No Problem, we can teach you!)
- Home and business network set-ups (wireless, LAN, routers, servers, networking, etc.)

Home entertainment and theater systems (Stereo, surround sound,  
Security system installations for systems, or access cards, or  
Blu-Ray, DVD, CD/DVD players, external hard drives, etc.  
Phone or fax machines, modems, etc.

- Xbox (360/One), Playstation (1,2,3,4), Wii, or any older console systems (repair, mods, upgrades, etc)

Give us a call to set up your REE consultation and let NV E-Tech guide you through the complexities of the technological and electronics age.
