

## Electronics Repair, Install, Mods (PCHomeSecurity Systems) 40hr (Portland

Location **Oregon**  
<https://www.genclassifieds.com/x-449001-z>

We are NW E-Tech a small local electronics repair and install company, who's services are very broad and cover just about everything technological. Our motto is, we can repair, install, set up, modify or build anything!!

We are wizards with electronics, with over 15 years of technology experience and know how. We have been building, fixing, installing, and setting up computers and related gadgets for a long time. There isn't a fancy store or lots of overhead expenses because we work out of our home offices, so we don't charge the normal \$75-\$100 an hour or more like the other guys or have their hidden fees and service charges.

This is a hobby for us, and it helps pay the bills plus we enjoy working with computers, electronics and helping people.

Our rate is \$40 per hour, flat rate, no hidden charges or fees. We only bill after services are completed and you are happy, and we ALWAYS back up our work with a guarantee. Also included is a FREE consultation with new customers, and if you give us a referral you and your referral both get a \$25 credit on your next bill!

Let us help you with any of the following and more:

- Computer repair (Laptops, Tablets, Desktops, PC, Mac, anything) from the simple to very complex
- Computer hardware or software repair (new programs, repairs or new parts, installation, etc.)
- Custom computer builds (We build desktops, laptops, servers, gaming and network PC's, pretty much anything)
- Computer and Software training courses and lessons (any subject or topic you need help with; No Problem, we can teach you!)
- Home and business network set-ups (wireless, LAN, routers, servers, networking, etc.)

- Printers and other peripherals set up and installation (anything that connects to a computer we can do)

Home Entertainment and Theater Systems (Stereos, Amplifiers, Receivers, Speakers, etc.)  
 Security System Installations for Systems, Cameras, Alarms, or New System Additions  
 Blu-Ray, DVD, CD/DVD Players, External CD/DVD Burners, etc.  
 Phone Systems, Phones, Faxes, etc.

- Xbox (360/One), Playstation (1,2,3,4), Wii, or any older console systems (repair, mods, upgrades, etc)

Give us a call to set up your REE consultation and let NV E-Tech guide you through the complexities of the technological and electronics age.
