We are a growing adult film casting company from Miami, Florida and are looking for talent in the Milwaukee area. We would like to interview females (Ages 18 through 40 years old of any ethnicity and body type) to appear in our films and/or photographs. We also have other gigs available that can be discussed if these are not for you but are still interested in working in the industry.

We pay in cash, usually within the same day. Pay ranges from \$100 to \$3500 currently and varies on the type of work you do.

We will be shooting in Milwaukee and the surrounding suburbs in the near future. We also have gigs in Miami, Florida available.

If you are interested please email photographs of yourself. Specifically face and body photos but any others are appreciated as well and we can then discuss possibly having an interview with you and some more details about the company if you fit our needs. Thank.
