LOOKING FOR A RABBIT

Location **Vermont**
https://www.genclassifieds.com/x-449130-z

My daughter recently lost her two year old pet rabbit due to a neighbors dog and she's devastated. We are looking for anyone who is getting rid of baby bunnies? Will settle for a Guinea Pig or even a Hamster (both of which I have personally had a lot of experience raising). Can pick up anywhere from Alburgh to Williston area (Burlington area as well). Please, there has got to be someone out there who can help us out - our daughter is taking this loss really!
