Meet Juju!

This big, handsome boy is one hunk of love!! He is about 3 years old. He is super affectionate. JuJu can be dog selective so a meet and greet would be necessary. He does seem to prefer female dogs. JuJu does not do well with Cats, so a cat free home would be necessary. He would do best with teenagers in the home who are respectful.

JuJu is a perfect gentleman who is well mannered ! He just wants to cuddle in bed with his people!!
