Hi, my husband and I just recently purchased a condo at Edgewater Beach Resort at Panama City Beach, Florida. The condo is on the beach and sleeps 6. 2 bedrooms, 2 baths, / 2nd floor and overlooks Lagoon Pool and Gulf of Mexico. Edgewater offers 11 pools, 4 spas, Starbucks, Paradise Pizza, Oceans Bar and Grill, etc., on site. We are renting through iTrip but are also putting our own post out there so we can get it rented for the season. If you are interested in staying at one of the most beautiful beaches in the United States at a great value, we are offering our last few days left 5/31-6/2 this 2 night stay for \$450 total which includes taxes, cleaning fees, etc. (fully refundable \$250 deposit is required). This great price is way below the normal asking price. We also have the weekend 6/19-6/20 available and will rent for only \$500. We just have to let iTrip know who you are before you book it with them. Visit this link and you will be able to see our condo. Thanks!
