Leaving state so I've decided it's best to sell my scrambler. I don't want to as I absolutely love this quad.
 Has tons of power.
 All day riding comfort.
 On demand AWD.
 Tow hitch.
 764 miles.
 Full set of brand new mudding tires.
 Rear rack snap on pack.
 7'—8' trailer with ramp.
 Never sunk, never rolled.
 Some basic wear but nothing major.
 Great traction and control year round, any weather.

8200 for everything pictured. Quad, trailer, both sets of tires, straps.
 8000 without trailer.

Serious inquiries only.

I have been contacted about this before, my phone got screwed up and I couldn't transfer conversations to a new phone, I hope you have the contact info and can get in contact with me and I will be able to answer any questions.
