

Stanley upperlower tool box set (60 USD)

Location **Alaska**
<https://www.genclassifieds.com/x-458961-z>

I have a Stanley upper and lower tool box set, the top box has 3 drawers with a flip open lid, it has a locking top that also locks all the drawers, the lower box has 2 drawers with a flip open door with storage space for larger tools, the lower box does not lock. The two boxes are connected with a spacer for more storage room for whatever. The lower box is on wheels and is easy to move around. The drawers are on ball bearing rollers. The total height of both boxes is 4'x12" top box alone with out spacer is 12"hX 10"w lower box is 2'h X 12". I have two sets of keys for the upper box that locks. This is a great little tool box, it's clean and is not beat up, I will also throw in a few off brand open end wrenches and a few other tools with sale. I am looking to get no less then \$60.00 you can contact me anytime at 907-342-94ten
