

Attention Aspiring Stylists, Make (, USD)

Location **Florida** https://www.genclassifieds.com/x-459654-z

Hello,

I have been picked to do my own reality show which has been bought by a large tv network. The crew are starting filming around June and will be finishing in December. I am looking for someone who is an aspiring hair stylist, makeup artist, clothing stylist and would like to help me look good for filming and of course add this to their resume. Their will be 8 one hours episodes in this season, which will air early next year.

Please contact me if you think this free work would help your resume and also can work with my schedule, I'm guessing we would meet a few times per week while filming, it should be pretty flexible. This would probably work for someone currently in beauty school or just finished. Please send some info about yourself/resume.
