

# Companion for PTSD and Anxiety Help (Minneapolis)

Location **Minnesota**  
<https://www.genclassifieds.com/x-459865-z>

Hi there. I am a mid-thirties man with PTSD from 9/11.

Sometimes my post gets flagged, well because craigslist is silly and I think a lot of people just like to flag stuff because they are bored.

I am looking for a companion, a nice female who understands or is interested in helping a guy with PTSD. Other than that, I am very normal, highly successful and good looking.

I am interested in a companion for movies, working out, traveling, taking walks, massages and to build a deep connection with that will help me alleviate my PTSD.

This is a part time opportunity 5-20 hours a week depending on your schedule.

Pay is \$40/hour.

If you are interested please, reply with a photo and why you are interested in helping me!

Great gig for a student or college student who needs extra summer cash.
