Hi, my name is Sophia, 27. I have been a professional print model for years, appearing on the cover of FHM Magazine including a 7 page photo spread and interview. I have been in many magazines for ads and themes, including winning the title of Miss Kitespain Magazine. But now my love is doing relaxing bodywork to take away the stresses and pains you may be experiencing. I am trained and certified in a variety of truly relaxing techniques, combining the best of the East and the West.

Life can just become a whirlwind at times that never seems to let up... So whether the chaos of life is stressing you out or you just need to get away to quiet the world around you, I invite you to a relaxing full bodywork session with me - one you will truly remember - incall or outcall.

Sessions are available for individual males or females, or for couples.

I offer Outcall to your hotel or home or Incall at my peaceful location minutes from the Strip. 24/7

Call or text for rates and availability. Please no emails.
