Location Indiana https://www.genclassifieds.com/x-460531-z

Established AC/DC Tribute Band is seeking a vocalist who can sing both the Bon Scott & Brian Johnson songs. We have been together approximately 4 and 1/2 years and have a song list of 6 hours of material. Everything is in place band, equipment and transportation. We need someone to step in and take over the position. We have about a 6 month window before our current singer plans on stepping down but could be sooner if we get someone worked in. We are playing at least 1 night every weekend and are currently expanding our territory and planning for 2 to 3 gigs a week. We strive for the sound & the look of an AC/DC show and would ask the same from you. Alcohol & drug problems are not tolerated this is a professional band. If you think you fit the bill and would be interested in auditioning contact me here or call or text me.

My name is Kevin and please serious inquiries only.
