For sale is a super rare Gibson DG 335 Pelham Blue guitar! Comes with everything original and I am the original owner, purchased through authorized dealer and will come with receipt. This is the ORIGINAL release from 2008 NOT from 2014. There are no major scratches chips or anything it is super clean. Age is showing with some slight yellowing around some of the binding and a few lacquer checking marks that are very tiny. One spot is along the neck and you cannot feel it and also by the stop bar tail piece. Pelham blue eventually turns to a vintage green as it can be seen on the back lower side some of the finish is turning color. It is aging nicely. Always kept in case and still smells new out of the factory. I have played on it a number of times but very rarely has it been out and it even has the original factory strings! Guitar will be sold via Paypal or bank deposit and pickup only. Shoot me offers if you are interested in this rare guitar!
