

Private Personal Protection (St Louis Metro)

Location **Missouri** https://www.genclassifieds.com/x-460878-z

The crime rate in East Saint Louis and Saint Louis Metro, both on the Illinois Side and Missouri Side, are staggering. I am offering a service, that is not specific for only security. I am providing Private Personal Protection for weddings, events, families wanting to go to games, and any other situation in which you later wish you had someone to protect you. At 6'8" and 240 lbs with a 3rd Degree Black Belt, Prior Experience in Private Security Enforcement, current Hybrid Martial Arts Instruction, And Certified in Basic and Advanced Cardiac Life Support, I am from the Deep South originally and work in healthcare, and instruct students in martial arts, but I am tired of people being afraid to go out with there family due to the staggering crime. That is what I am offering. Personal Protection and Discretion. Serious Contact only, this is no game, to me. Email me for more info and I will provide the specifics according to your needs. Why fear going somewhere when I can simply go or stand there if needed. Will drive or transport if.
