For sale....Is a custom Goped Gsr cruiser. This scooter has been built from the ground up. The frame has been painted Matt black with Red wheels. The stock engine has been removed and it is now powered by the famous gp460 (Gopeds most powerfull production engine) This engine is the power plant that pushes the new Goped Trail ripper and Gsr46r, it is extremely fast and built to last. I have also added a DDM expansion chamber for additional performance, along with a high performance clutch assembly. New tires and brakes also, makes this good to go! This Goped can achieve speeds of 45 mph! This is just the tip of the iceberg when it comes to extras and upgrades.New stock Gsr models sell for \$1200 online. This high performance Go ped is priced at \$900 FIRM. This machine has been meticulously maintained and is Ready to Go. If you are interested or have any questions feel free to call, or text. Thanks for reading, Rob. Whoever drives this 1st, will buy. Cash only please.
