Location **New Hampshire**  
<https://www.genclassifieds.com/x-461148-z>

\*\*\*NEW HAMPSHIRE APPLICANTS ONLY!\*\*\* I want to meet with you locally.

I need a graphic designer with STRONG ARTISTIC SKILLS for my website. I will supply all of the copy and a suggested layout. I don't have any technical skills and will need you to handle everything needed to get my website up and running.

Your ARTISTIC DESIGN skills are important. I'm not looking for a flashy contemporary design. My profession is somewhat conservative and I'm looking for a professional, harmonious, tasteful design with appealing colors. I also don't want a cookie-cutter website. I will need you to design a homepage banner and possibly a logo.

I would like to meet with you in person to work on the design and layout, so please be located near or be willing to travel to Concord. We could meet at NH Tech.

I WILL ONLY REPLY TO THOSE WHO SEND ALL OF THE FOLLOWING:

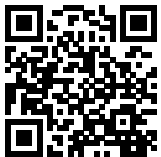

Your full first and last name  
RÃ©sumÃ© that includes your location and phone number  
Your hourly fee  
Estimated fee for a website of 8-10 pages  
Links to your work

Thank!
