Handmade Farmhouse Style Furniture. Customized tables, benches, vanities, stools, end tables, kitchen islands, coffee tables, ottomans and much more made to a rustic barn/farmhouse style. This piece of furniture can make a statement in your home!

A typical table measures 72 inches long, 36 inches wide, and 30 inches tall; tables can be customized to your style/size/finish/etc. I also make matching benches, ottomans, headboards and sofa tables. Benches are customized to fit the size of your table. Most sizes range from 48 inches to 66 inches long.

We currently have one gray 72Lx36Wx30H table in stock (Images in post above). Please feel free to ask any questions! I really enjoy building and working with you on a custom design!

Delivery is available depending on your location. Email me with any questions! Thanks for looking and have a great day! We are asking \$400 cash only or your best offer (OBO) for a typical table.

Get the Pottery Barn feel without the Pottery Barn price! These tables are not factory made- they are handmade. The wood is purchased from a local lumberyard. The farmhouse style represents a farmhouse look- there may be odd "knots" and different textures in the wood. These tables are coated with 2 coats of heavy poly on the base and 3 coats on the top.
