

Looking for Model or Couple to pose for Boudoir Photography (layton)

Location **Utah**
<https://www.genclassifieds.com/x-462050-z>

I am a professional photographer. I have been in business since 1988. I do wedding, family, glamour, and boudoir portraiture. I also photograph couples in intimate situations. I just opened a new studio and I am looking for women, female/female couples or female/male couples to model for me in order to create updated photos for my portfolio. I will compensate models with photos of the shoot. I will be very generous in the amount of images I give as compensation. There will not be any costs incurred by the model(s). I will cover all costs for meals, etc. I have hundreds of samples of my studio boudoir photography on my website. I will send a link to any serious.
