

We need a dependable videographer who can produce shoots in the Southern Wyoming area and deliver pristine, professional grade video and audio with fast turnaround. You would be a 1099 independent contractor and able to accept assignments whenever they fit in your schedule.

1) Besides professional skill and dependability you **MUST** have the right equipment:
HD Camera (1080p) with at least a 32GB card, lavalier and shotgun mic options with headphones for monitoring sound and a portable 3-Point lighting kit.

If you satisfy the requirements above please reply with

- Your resume, contact info and best time to reach you
- A link to some of your best work and
- A full equipment list (can be a doc or pasted into the body of your e-mail).
