Looking for someone not afraid of the camera to be a secondary character in an indie film I'm working on. Doesn't matter if you have any acting experience. Just looking. For someone who will be dedicated and fun to work with. Must have: open mind, big presence on screen, attractiveness in an unassuming way, willingness to film at odd hours (I work a flexible day job), a good scream!

Send contact info and head shots/pics to be considered. Also, give a brief bio and why you would want to be
