Hi I'm a hard working loving caregiver I will go the extra mile for my parents. I love children and cant imagine doing anything else but working with children loving and helping them develop. I have over 16 years experience caring for children. I have 5 years experience working as a nanny working with a newborn and three year old. I have experience working with all ages, but most of the time was working with infants and toddler ages. I have worked as a lead in the infant class for the last seven half years but before that I was the assistant teacher in the class. I love children and I can not imagine my life would be the same if I was not a educator of young children. I have a childhood development associate that I received in 2010. I'm CPR and First aid trained also. Thank you so much for your time and I really hope we can talk more about the care for your child/ren. I would love to become a valuable assets to your family. Thank you very much for your time.and for viewing my my post.

I'm looking to care for newborns to age three only going care for 3 to 4

thank you for your time
