Pottery Barn style pub table with 6 faux leather chairs. Table is solid wood and has built in fold out leaf. Very nice and attractive classic woodworking details on the table top including dowelled and bow tie joinery. Storage in the bottom of the table base. All six chairs fit comfortably around the table with the leaf in place. Have sat 8 people at the table for Easter dinner. Table is regularly dusted and maintained weekly with wood furniture polish. Place mats always used. There are a few small marks on the top of the base from the most recent move but could be repaired as the wood is not gouged, just superficial. Chairs came with the table so wood matches perfectly. Chairs also dusted and polished weekly. 36" high, 54x42 no leaf, 72x42 w leaf.
