My family and I live in Albertville Alabama. I don't know if this is where The Father is leading me but I feel that we need to move there.let me explain the situation. I am my mom and husband's caregiver. My mom,who is of sound mind,is physically disabled. She can do some things for herself but I help with what she cannot do. My husband has been diagnosed with advance vascular dementia and non epileptic attack disorder. He is not a veteran. This started last January after an on the job accident. Now this disorder is not like epilepsy. He cannot take any prescription medicine (anti seizure,anti depression anti inflammatory) because it makes the disorder worse. Plus the attacks can be morbid. My mom receives disability and we receive family assistance. My husband is fighting for his disability but will take awhile. I have been looking for work but with no luck. Between what we get and mom gets we are just getting by. We have two kids. Our daughter is 20 and she has bipolar and epileptic seizures and the mind of a 13 year old. Our son is 18 and is overcoming schizophrenia. Both are in school but are trying to find odd jobs. I have found odd jobs but nothing permanent. We have no one up here to help out especially when I take off to apply for jobs (my mom and husband try to help other out as best as they can but I never know). I started thinking about moving to mcdonough for the last couple of weeks. My husband has family there. His mom and sister live in stckbridge and a brother jonesboro a brother in Williamson and his dad in Griffin. I haven't mentioned this to my family because like I said I don't know if this from God. What I am asking is this...is there someone who has an empty 4 bedroom that they would work a rent to own out for us. I don't have money for a down payment but I am willing to work in exchange for the down payment. Now at the moment we can make payments between \$300-450 a month and then when I get a job we talk something out. No mobile homes. I would really like to find a house large enough for us with a full basement that can be used as another room and storm shelter. One story. I feel that if I can get us to Georgia my husband's family might be able to help my husband plus I will have someone with my mom and husband when I get a job. I am not a dead beat. I want to be able to work but I am asking for someone to help with a hand up. If you prefer to talk to me personally or text me (please no spam) you can at
